S8830	 Chrome (AA)
A5901	 Chrome (AA)

Capacity

S1865	169.0 litres (to overflow)
--------------	----------------------------

Standards

BS 1390:1990. EN 14516

Special Notes

*Anti-slip is a resistant finish that reduces the chances of slipping, it does not prevent all slipping. Not suitable in areas involving the use of special chemicals. Framework is required at installation to support rim and secure panel. Panels require trimming to size at installation. Consideration should be given to safe hot water delivery and the use of an appropriate temperature reduction device, see A5901AA or Part G for guidance.
