ILLUSTRATED

B4447 Sandringham SL washbasin mixer 1 hole, lever operated with pop-up waste, 5 litre per minute flow regulator aerator fitted

ILLUSTRATED PRODUCT DETAILS

Weights

B4447 2.08 KG

Finishes

B4447  Chrome (AA)

Materials

B4447 Chrome Plated Brass

Flow rates

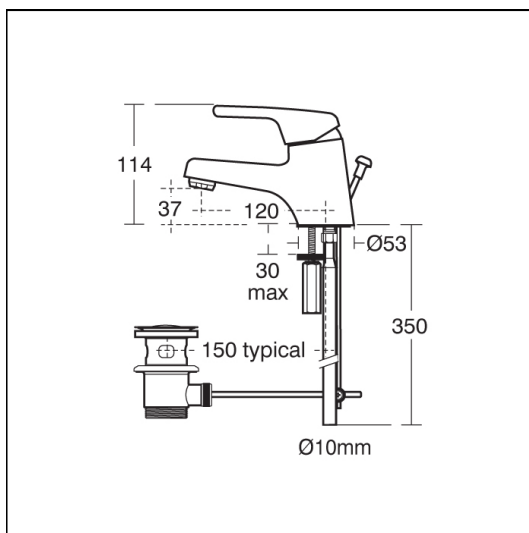

B4447 5 Litres per minute @ 3 bar pressure

Standards

WRAS approved

Special Notes

The CLICK cartridge offers water saving by encouraging the user to only lift open the handle before coming against slight resistance. This resistance informs the user that the fitting is delivering only 50% of its maximum flow potential. Lifting the handle beyond the resistance enables the fitting to deliver flow at maximum level. The cartridge also features a limiting device that can restrict movement of the handle on the hot side, adding a major safety feature. When installed in commercial premises. Flow rate with fitted regulator 5 litres per minute. Unregulated flow rate 5 litres per minute at 0.1 bar.
